Biographical Information

Paul K. Siegele

Vice President

Chevron North America

Deepwater Exploration / Projects SBU

Paul Siegele, Vice President of Deepwater Exploration/Projects, Chevron North America and Exploration Co., was born in Tokyo, Japan on April 14, 1959. He graduated from California Lutheran University in 1980 with a Bachelor of Science Degree in Geology, and joined Texaco as an exploration geologist in September of that year. In 1990 he received a Master of Science in Geology from California State University at Northridge.

Paul has worked a variety of exploration assignments in North and South America, the Middle East and Asia. In 1995 he was appointed Upstream Coordinator for Texaco's Corporate Planning and Economics Group located in Harrison, New York. In 1997, he was appointed as the Regional Manager for the Texaco International Exploration Division, and later Regional Manager for the Exploration and New Ventures Division located in Bellaire, Texas. At the ChevronTexaco merger, Paul was appointed Exploration Manager for ChevronTexaco's North American Upstream's Deepwater Business unit in New Orleans.

Paul is a member of the Geological Society of America and the AAPG, and is the Management Sponsor for Chevron's Houston XYZ network.

Paul and his wife, Linda, have four children and live in Katy, Texas.
